DISTRICT #13 CUSTOMER:

The State of Missouri requires all Water Suppliers to have a signed statement verifying the primary use of water for each meter in our service area. This information is used to classify our accounts for sales tax purposes. The applicant certifies the one box marked is the PREDOMINANT use of water. If water purchased results in a sales tax liability due to use other than stated, the applicant assumes responsibility for remitting such tax due directly to the Missouri Department of Revenue. If the nature of water use changes at your service address, the Water District must be notified. If we do not have this signed form, we will be required to charge sales tax for your water usage.

Please complete this form and return it to our offices as soon as possible.

Sincerely,

Mitzi Dawson, Office Manager
